October 19, 2013

## EDITOR'S REPORT

Dear President and Members of the Board of Directors of the ASGS:

The publication of the August *Fusion* was on schedule and the second proof of the November issue is currently being reviewed. The latter issue will feature a new full-page ad. The National Office has been most helpful with the advertisers for both publications.

All technical papers that were presented at the 2013 Symposium have now been received and the graphic designer is working on assembling the first draft. It is my hope that the 2013 *Proceedings* will be completed before the end of the year.

There is always a need for material for *Fusion*. Please encourage the members of your Section to share their knowledge in the form of articles, Lamp Shop Hints or cover pictures. Remember, your contributions benefit the entire Society. I welcome the opportunity to highlight their as well as your talents and knowledge.

Respectfully submitted,

Marylin C. Brown
