

Scientific Glassblower Society Canadian-Section-Canadienne

June 15, 2005

Subject: Subject:
Fall report of the ASGS Canadian section to the BOD.

This year the Canadian section didn't hold a spring meeting. Also Yves Rambour from Queens University had volunteered to organise a spring meeting his university decided to relocate the glassblowing shop to a new building on the campus so he had to cancel at the last minutes.

We didn't hold either a fall meeting.

We are planning to hold a meeting in spring 2009 in Queen's University, Mr Rambour will organise the meeting and we will have an election for a new slate of officers.

Fortunately, a very profitable meeting last spring held at McGill University enriched the section by more than \$800.00 so our finances are very good with no expenses and a balance of \$3185.37 but I am sad to report that so far this year very few people paid their dues to the section despite several requests and a letter sent across Canada by Brian Power our treasurer.

For the first time I have received some news of Canadian glassblowers for out west, I have 3 new names and I will contact them and try to get them to become members of ASGS.

Respectfully submitted on behalf of the Canadian section.

Georges Kopp
Canadian Section Director
