Canadian-Section-Canadienne

Subject: November 2005 BOD Report of the ASGS Canadian Section,

The Canadian Section of ASGS held the 2005 spring meeting in Montreal at Université de Montréal in April. About 25 members attended the meeting.

Darcey Doering presented the financial report. As of June /05 the Canadian Section has a balance of CDN\$2346.04 in its bank account. After a vote, it was decided to begin drafting plans to host a symposium in Canada in 2007 or 2008.

The Toronto/Niagara region was then chosen as the most likely location for the 2007 symposium. A Symposium working committee was then struck.

The Chairs that were appointed were;
Symposium Chair: **Mark Trent**
Exhibitor Chair: **Michael Palme**
Technical Papers Chair: **Georges Kopp**
Technical Posters Chair: **Phillip Legge**
Technical Workshops: **Ron Legge**
Artistic Chair: **Cedric Ginart**

A new slate of Section Officers was elected.
Their two year term of office will end in May 2007.

The new Canadian Section Officers are:
Director: **Georges Kopp**
Alt. Director: **Cedric Ginart**
Chairman: **Mark Trent**
Secretary: **Michael Vandenhoff**
Treasurer: **Darcey Doering**

There was no fall meeting this year and no spring meeting as been announced yet. We have a recurrent problem arranging meetings across Canada. There hasn't been any meeting out West in a long time and we barely know who is out there working. It seems that the Canadian section is to widely spread out to make communications efficient among the members... (Over 8000km from St-Johns to Vancouver), we shall try to find a solution to that problem.

Mike Power has offered to host the next fall meeting (2006) in St-John Newfoundland

Respectfully submitted.

Georges Kopp
Canadian Section Director
