**Additional Comments** (use additional sheet if necessary):

A new slate of officers for next year is just about complete. We had a new sponsor this year, Precision Electronic Glass. They gave a good presentation and had a lot of information to offer. The January meeting at Salem Community College was also a big success. A technical presentation by the safety officer from the local compressed gas supplier was a highlight. Interest in the section meetings seems to be improving with local glass companies participating and encouraging involvement. The section member list has been up-dated and improved. \_\_\_\_\_
